# 3 tips to make your trip easy and stress free!

**1**

## Mobile Passport Control

Shorten your experience in the customs line when returning to the United States. Available to US citizens and lawful permanent residents. You've heard of Global Entry, Mobile Passport Control is the FREE option that is similar in benefits.

**2**

## Download Google Maps Offline

Downloading Google Maps before you leave means that you can use the local maps offline, without using wifi or data. You'll never need to ask for directions again!

**3**

## Download Google Translate Offline

Worried about not knowing the local language? Google translate is your pocket safety net to translate, help in conversation and cover you in a language barrier jam.
